Consolidated as leaders at hospitality industry in Spain and keeping our service vocation, we have taken the decision for this new course, of enlarging and opening our product range and offering global solutions.

As a result of this strategy we release new tableware and catering collection that will continue growing and evolving. We have designed innovative pieces that will turn each event into a complete exclusive experience.

Consolidados como líderes en España en el sector de la hostelería y manteniendo nuestra vocación de servicio, tomamos la decisión, para este nuevo curso, de ampliar y abrir nuestra gama de productos y ofrecer soluciones globales.

Como consecuencia de esta estrategia, estrenamos ahora nuevas colecciones de menaje y de catering que irán creciendo, ampliándose y evolucionando. Hemos diseñado piezas innovadoras que convertirán cada evento en una experiencia exclusiva completa.

FROM THE MONOPRODUCT TO THE MULTIPRODUCT

DESIGN AND QUALITY

We have made the logical step in our evolution. Through the experience all these years conferred on us dedicated to cutlery design and manufacture, we have studied which are the requirements around the table and essential complements.

With the motivation of meeting the emerging needs, we have created different tableware lines; from a huge miniatures range in different materials, that will let you create tables where elegance and practicality will come together, to table setting vessels, tongs or suitable pieces for kitchens or for room/hall presentations, that will provide a table experience where sophistication and comfort will become more important and will joint in just one concept.

Hemos dado el paso lógico dentro de nuestra evolución. A través de la experiencia que nos confieren todos estos años dedicados al diseño y fabricación de cubiertos, hemos estudiado cuáles son los requisitos alrededor de una mesa y qué complementos son imprescindibles.

Con la motivación de cubrir las necesidades que surgen hemos creado distintas líneas de menaje; desde una amplia gama de miniaturas en distintos materiales, que permitirán crear mesas donde la elegancia y la practicidad se unan, a utensilios de emplataro, pinzas o piezas aptas tanto para la cocina como para la presentación en sala, que brindarán una experiencia en mesa donde la sofisticación y la confortabilidad cobren relevancia y se unan en un solo concepto.

/ CATERING

We want to make a special mention inside the tableware to the Catering section. By the hand of Bahí&Güell study we have designed and develop an innovative Catering range. Products with straight, stylized and modular forms.

Each piece is one and multiple of the following one, thus turn to a perfect disposal at a room/hall, where balance and elegance fill the space, as well as an easy storage after each dish pass.

Manufactured pieces with light materials with multi-purpose forms that optimize the possibilities of use of each of them. The previous study of the needs in catering service, have resulted this versatile product range able to satisfy to either the most traditional ones or the most transgressors ones.

Mención especial dentro del menaje merece la sección de Catering. De la mano del estudio Bahí&Güell hemos diseñado y desarrollado una línea de Catering innovadora.

Productos de formas rectas, estilizadas y modulares. Cada pieza es una y múltiplo de la siguiente con lo que se consigue una perfecta disposición en sala, donde el equilibrio y la elegancia llenan el espacio, así como un fácil almacenaje tras cada pase.

Piezas fabricadas en materiales ligeros con formas polivalentes que optimizan las posibilidades de uso de cada una de ellas. El estudio previo de las necesidades en el servicio de catering, han dado como resultado esta gama de productos versátil capaz de satisfacer tanto a los más tradicionales como a los más transgresores.

We are Jordi Bahí and Jordi Güel, Product Designers. There is only our restless curiosity for the design under our work.

Even though we are the visible face, Bahígüell is a team whose purpose is to create value through our designs, since the beginning at the conceptual phase until the last detail of the product.

/ Proximity Design

Thank to our multidisciplinary team and the current innovation in the gastronomic field, Manufacturing, Gastronomy and Design can be achieved.

omos Jordi Bahí y Jordi Güell, diseñadores de producto. Detrás de nuestro trabajo está nuestra inquietud incansable de diseñar, crear y transformar.

Aunque somos las caras visibles del estudio, bahígüell es un equipo que trabaja para generar valor mediante nuestros diseños, desde la fase conceptual al último detalle del producto.

/ Diseño de proximidad

El trinomio entre Fabricación, Gastronomía y Diseño nace de la colaboración entre nuestro equipo multidisciplinar y el actual pulso innovador actual en el sector gastronómico.

/ Trabajando con materiales y acabados de máxima calidad

Otro factor que nos importa es la durabilidad y el uso de los productos que diseñamos. Para ello, siempre apostamos por materiales resistentes y duradero que están al nivel de las expectativas de los usuarios más exigentes.
